EMERGENCY PREPAREDNESS PLAN

TOWN OF CLERMONT COLUMBIA COUNTY, NEW YORK

PURPOSE

The purpose of this plan is to cite the authority, formulate procedures and provide guidance for coordinated action in rendering assistance to the citizens within the Town of Clermont in the event of a disaster.

BASIS

Disaster planning is based on the New York State Defense Emergency Act, and the New York State Emergency Management Office (www.dhSES.ny.gov/oem)

The Town of Clermont recognizes that planning and preparatory actions are required before an emergency. Emergency preparedness allows the Town of Clermont to prepare and to react to emergency situations to save life and property if the Town is threatened or hit by a disaster or a major emergency.

The Town Board shall have the primary responsibility to see that everything possible is done to prepare for any disaster and to provide for the safety and security of the community during a disaster.

MOBILIZATION

Designation of the Emergency Operations Center (EOC) The Emergency Operations Center for the Town of Clermont will be in the Town Hall, State Route 9. Once the Columbia County Office of Emergency Management has notified the supervisor or next in that an emergency exists, the Emergency Operations Center will be staffed or calls to the center will be forwarded to a responsible official on a 24-hour basis until the declared emergency subsides. The Emergency Operations Center will forward all warnings, directives, information, etc. to the Fire Company, the Shelters and to Town Board members and Emergency Preparedness Plan volunteers as appropriate. This will be done by department representatives using land line telephones (located in the Emergency Operations Center), cell phones, and radios in the Fire and Highway departments and in the offices of cooperating agencies at the County level. Each member assigned to the Emergency Operations Center will be familiar with this plan, particularly with the section or sections pertaining to each responsible person's service duties.

Essential Emergency Operations Records The Town Supervisor and the Town Clerk/Records Management Officer, functioning at the Emergency Operations Center, are responsible for the maintenance and availability of records, documents, plans and other materials required to discharge theirs and others' functions during an emergency.

STRUCTURE AND SEQUENCE OF ACTION

The Clermont Town Board, Personnel, Highway Department, Clermont Fire Department, Northern Dutchess Paramedics, agents or assigns participate in the National Incident Management System (NIMS). All those in a management position have taken or will take the necessary training outlined by the federal government. In addition to the NIMS training, those management positions will take the Incident Command System (ICS) 100,200 and 300 courses when they are made available.

All incidents within the town will operate under the Unified Command System. During an emergency the Fire Company will establish "Command" and designate an Incident Commander(IC). The IC will implement the Clermont Emergency Preparedness Plan and decisions will be made under the unified command structure. The Emergency Coordinator for the town will be present at the command post and assist with emergency activities including but not limited to "Issuing a state of Emergency" under Article 2B of the NYS General Municipal Law.

Members of the Town Board, specific department heads, members of the Emergency Preparedness Planning Committee, volunteers and other designated personnel will assemble as soon as possible at the Emergency Operations Center upon notification of the existence of an emergency.

To cope with the effects of an emergency, appropriate steps will be taken at the Emergency Operations Center to mobilize fully the available personnel, resources, facilities, supplies and materials in the Town of Clermont according to the guidelines set forth in this plan.

Notifications and Declaration The Town Supervisor of the Town of Clermont is responsible for the notification and declaration of an emergency or disaster. The Deputy Town Supervisor assists and acts totally in the absence of the Supervisor. In the absence of both the Town Supervisor and the Deputy Town Supervisor, this responsibility falls to the Town Board Members (in alphabetical order).

Personnel and Equipment Each department head in the Town of Clermont is responsible for assuring maximum effectiveness and utilization of all personnel and equipment of the department to accomplish the Town's responsibilities. Each department head will retain control of the assigned department and implement orders received from the Emergency Operations Center.

Emergency Management Assistance The Town Supervisor of the Town of Clermont will contact the Columbia County Emergency Management Office regarding any major emergency or disaster situation. Emergency Management assistance will be requested when local or mutual aid resources are exhausted. All requests for Emergency Management assistance of any nature by any department will be approved by the Town Supervisor or Fire Chief, and will be made to the county Emergency 911 Control Center.

Military Assistance Requests will be made by the Town Supervisor of the Town of Clermont to the Columbia County Chief Executive Officer who will forward the request to the Columbia County Emergency Management Office to the State of Natural Disaster Commission.

The American Red Cross This agency is recognized as responsible for mass care to persons immediately following a disaster. Local Red Cross chapters can extend natural disaster relief assistance to individuals and families and the Red Cross can assume administrative and financial responsibility in providing such assistance. The American Red Cross has been assigned this responsibility by the Congress of the United States. **The Mid Hudson Valley Chapter of the American Red Cross (845) 471-0200** is responsible for the Town of Clermont

PERSONNEL—RESPONSIBILITY AND FUNCTIONS

The responsibilities and functions listed recognize only basic duties. *Each of the position descriptions may be altered or expanded to suit the needs of a particular situation.*

The Supervisor of the Town of Clermont assisted by the Deputy Town Supervisor is responsible for the conduct of disaster operations within the Town of Clermont. The Town Supervisor shall have a representative at the command post to participate in the Unified Command System and

Shall use any and all facilities, equipment, supplies and personnel and other resources of the Town of Clermont in such a manner as may be necessary or appropriate to cope with the disaster.

Shall direct the activities of all agencies within the Town of Clermont against the effects of the emergency or disaster in conformance with the approved plans for the rescue and relief of the people, the recovery and the rehabilitation of the community of Clermont.

Will utilize services of the Emergency Operations Center and its staff for implementation of necessary measures to achieve emergency operations.

Will act as the Emergency Coordinator.

The Emergency Coordinator (the Supervisor of the Town of Clermont)

Acts as the Emergency Coordinator and directs the implementation of the Clermont Emergency Preparedness Plan for the Emergency Operations Center (EOC)
Coordinates the operations of the EOC
Estimates the gravity of the situation, advises Town of Clermont officials and Emergency Volunteers of operational priorities
Initiates requests for assistance from the Columbia County Emergency Management Office.

The Clermont Town Board as the elected body of the people shall take all appropriate steps to prepare for any disaster or emergency and shall generally be responsible for the implementation of this and other emergency preparedness plans.

The Town Clerk/Records Management Officer is responsible for the maintenance and availability of essential records, documents and other materials, required during the emergency.

The Supervisor of the Town of Clermont will act as the ***Emergency Coordinator*** and will direct the implementation of the Emergency Preparedness Plan for the Emergency Operations Center. The Emergency Coordinator coordinates the operations of the Emergency Operations Center, prepares estimates of the situation, advises everyone of operational priorities, and initiates requests for assistance from the Columbia County Emergency Management Office.

The Fire Chief and Fire Officers

The Officer in charge shall establish Command and designate an Incident Commander and designate a Command post. The incident commander will be responsible for:

Direction of all action to contain and extinguish fires resulting from emergencies
Removal of trapped and injured persons from damaged buildings and flooded areas.
Management of the Emergency Shelter in Fire Station #2 on Route 9G

The Fire Chief may call upon the Columbia County Fire Coordinator or the County Emergency Management Director, under mutual aid, for advice and/or assistance concerning fire-related emergencies, relief operations and coordination of emergency shelter and feeding operations.

The Clermont Highway Superintendent will have a representative at the command post to participate in the Unified Command System as requested by the Incident Commander and

Is responsible for the maintenance of streets and all official trucks, cars and equipment
Directs action to check, restore and maintain essential public facilities and services, such as streets, public buildings and other vital community services, calling upon all Public Works and Engineering Services of Columbia County for such assistance
Works in conjunction with the National Grid Power Corporation, G-tel (the Germantown Telephone Company) and any other utilities in the restoration of the various essential services.

The Building Inspector of the Town of Clermont will have a representative at the command post to participate in the Unified Command System if requested by the Incident Commander and will be responsible for safety inspections of damaged homes and businesses before evacuees are allowed to re-occupy such buildings.

The Public Information and Communications Officer will have a representative at the command post to participate in the Unified Command System if requested by the Incident Commander and under the direction of the Town Supervisor directs the local dissemination of emergency information, the issuance of news reports to the public and notifies the Columbia County Emergency Management Office on the status and development of emergency measures, using all public communication media. He will arrange communications for all emergency purposes using available communication means and methods.

The Medical Officer will have a representative at the command post to participate in the Unified Command System if requested by the Incident Commander and directs all action to render health and medical services to the community. The officer will alert hospitals and ambulances in the area regarding anticipated medical needs.

The Manpower Officer will have a representative at the command post to participate in the Unified Command System if requested by the Incident Commander and directs the assignment of Town Officials and volunteers to the various emergency services as requested.

The Transportation Officer will have a representative at the command post to participate in the Unified Command System if requested by the Incident Commander and carries out measures necessary to the utilization of all transportation modes for support and rescue operations.

The School Representative will direct the action related to care for school students in his/her designated school during an emergency situation. They will be present at the command post to participate in the Unified Command System if requested by the Incident Commander

EMERGENCY PREPAREDNESS PLANNING COMMITTEE AND VOLUNTEERS - RESPONSIBILITIES

PURPOSE

The purpose of this Committee is to prepare an emergency plan and to identify those Town Officials and Volunteers who will be responsible for effecting the plan in the event of an emergency

COMMITTEE MEMBERS

The Emergency Preparedness Planning Committee will be headed by the **Town Supervisor/Emergency Coordinator**—assisted by the

- Deputy Town Supervisor\
- Town Board Members
- All Town Department Heads
- The Medical Officer
- Town Engineer
- Town Attorney
- Fire Chief and Fire Officers
- Highway Department Employees
- Volunteers –addendum to be updated annually

MOBILIZATION

Emergency Preparedness Planning personnel should go directly to the Town Hall when notified that there is:

- A potential chemical problem in our community
- A power failure
- A natural disaster
- A major problem at the schools
- Any other major community-wide problem.

EVACUATION PROCEDURES

The decision to evacuate any residences or other buildings will be made by the Emergency Coordinator. Volunteers will be notified by phone and/or cell phone that their help is needed for evacuation.

Volunteers will help with/be responsible for:

Checking houses/buildings in disaster-stricken areas. Buildings that have been checked will be identified with red or green tape on the front door.

If there is no tape on the door, the volunteer should attempt to evacuate the people

Green tape on front door—evacuation has taken place

Red tape on front door—the resident has refused to be evacuated and the volunteer should leave.

Making certain that the *Evacuation Checklist* is completed and signed by the resident and the emergency evacuation personnel.

Encouraging residents to go to shelters.

EMERGENCY OVERSIGHT PROCEDURES

Verify that

Generators in the Clermont Academy and the Town Hall are operating

Telephones are working

Base radio in Town Hall is operating. The phones for this system are maintained by the Highway Superintendent and the Fire Chief.

Check Group residences (within the Town of Clermont)

EMERGENCY OPERATIONS CENTER

The Emergency Operations Center is the Clermont Town Hall. The Town Hall is equipped with a generator and a transfer switch. The switch is located inside the Judge's Room, on the north-east corner of the first floor of the building. The generator is sufficient to run all building operations. It is a gasoline powered generator and it is stored with the Highway Superintendent. The telephones are equipped with battery back-up in case of generator failure.

PURPOSE

The Emergency Operations Center will serve as the command center and communications center in an emergency.

SHELTER OPERATIONS

PURPOSE

The Comfort Center in the Community House is the only one of the below-described 'shelters' that will be operated under the aegis of the Town of Clermont.

The purpose of the shelters designated below is to provide shelter and essential services to those who are without. Some of the facilities will be capable of providing food. **Shelter Coordinators, managers and volunteers are listed in the addendum to be updated annually**

LOCATIONS/RESOURCES FOR PUBLIC SHELTERS and AID/INFORMATION CENTERS

Comfort Center

Clermont Community House

No Landline Phone

Capacity, 75; kitchen facilities, no overnight facilities. The Center will operate from 9 AM to 7 PM. If these hours are adjusted, the new hours will be posted on the door and on the Clermont website. Generated power at this site is sufficient to operate the building and the well pump. This location will serve as an Information Center and as a Gathering Center for transportation to overnight shelters, should that becomes necessary. The generator is gasoline powered with a transfer switch. The switch is located in the basement on the wall opposite the stairs. The generator and gasoline is stored with the Highway Department. This is a no pet facility.

This facility will be operated by the members of the Clermont Village Green Committee.

Main Shelter

Station #2 Firehouse, Route 9G.

(518) 537-6333

Capacity, 200, kitchen facilities, no overnight facilities. Generated power at this site sufficient to operate both emergency services and shelter facilities. The generator is a permanently installed, on demand unit, running on LPG.

A Clermont Fire Company Volunteer will be designated by the Clermont Fire Company to be on site at the Route 9G #2 Firehouse at all times when the location is in use as a shelter. This Volunteer shall be responsible for the physical aspects of running the shelter and shall organize the shelter activities with the Shelter Coordinator. It will be operated by volunteers designated and instructed by the Clermont Fire Company. This location will serve as an Information Center and as a Gathering Center for transportation to overnight shelters, should that become necessary. This is a no pet facility.

Long Term Shelter

Long term shelter will be assigned if required through cooperation with county and other emergency organizations that will coordinate the relocation process.
